PIP-156 is coming soon and that brings us full **JDK 1.17** speed and a nice upgrade. This will be in **Apache Pulsar 2.11** which will be here before you know it.

PIP-156: Build on Pulsar Server 1.17

opened on April 18, 2022

PIP-156: Build and Run Pulsar Server on Java 17 · Issue #15207 ...

Motivation Currently, Pulsar requires Java8 or Java11 to build[1] and run[2], which is quite outdated, as the latest released Java version is 18[3]...

Big Data Conference Europe 2022

events.pinetool.ai

The image shows a promotional graphic for the Big Data Conference Europe 2022. It features a yellow-to-purple gradient background with a network of dots and lines. In the top left, there's a logo with a cloud icon and the text "bigdata Online Edition". The main title "MEET OUR SPEAKERS" is displayed in large, bold, white letters. Below it, the dates "NOVEMBER 23 - 24" are shown. On the right side, four circular portraits of speakers are arranged in a 2x2 grid. Each portrait has a yellow border. The speakers are: TIMOTHY SPANN (top-left), FLO PACHINGER (top-right), RACHIT ARORA (bottom-left), and MAURO BENNICI (bottom-right). Their names are written below their respective portraits. At the bottom left, there's a white button with the text "LEARN MORE".

**Nov 29, 2022: Machine Intelligence Guild Speaker of the Month.
